SOCIAL DISTANCING SIGNS

MODERN DESIGN

The modern and thin design of the **STELLA SD** series provides a clean and attractive appearance. The 20 gauge steel frame contains no external holes or slots adding to the clean look while eliminating unwanted light leaks. The 20 gauge steel forms a rigid and durable frame that can be securely mounted in any application. The face and backplates are mounted into the frame using a channel system that permits simple and speedy removal during installation.

Faceplate slides out for quick and easy installation.

MECHANICAL SPECIFICATIONS

The **STELLA SD** is constructed of durable 20 gauge steel. Universal mounting pattern and key hole slots are stamped on the backplate. Surface mount conduit entry knockouts are also provided. The **STELLA SD** is supplied standard with an attractive and durable white, baked powder coat finish. The advanced design of the **STELLA SD** leaves it with no extraneous holes or slots, thereby eliminating unwanted light leaks. A simple and sturdy channel design securely holds the pictogram and backplates into the frame providing quick and trouble-free installations.
